In the box below, please state the reason your exam should be regraded. You are eligible for regrading if you provide:

1. the number of the question(s) for which you feel that you deserve more points;
2. the reason that you feel that you earn a higher score for that particular question.

Unfortunately, I cannot take into account regrade requests if you provide reasons such as:

1. "I got a D and ..."; or
2. "I am planning to graduate this semester, so...";
3. Any personal reason

Your final score can only be based on the performance on the test, and not on other factors and personal circumstances.
